COMPANY PROFILE

ALTRA is well known and trusted company. We have started working in India since 2010. We are known as the prominent manufacturer of a comprehensive assortment of engine oils, hydraulic oil, coolant and other specific products. These items are formulated using the best grade ingredients and advanced technology and apart from this, the offered products are formulated with high precision in order to meet the international quality standards. We have a complete R&D team to modify our product as per customer's changing needs because we believe in 100% customer satisfaction.

ALTRA lubricants 100E series is customized according to Indian conditions with our most advanced "Friction Modification Technology". It ensures that metal never meets metal hence eliminates friction in your engine. It is technically proven that **ALTRA** lubricants increase the life of your vehicle and machinery.

The entire manufacturing process is monitored and supervised by our experts who never compromise on the quality of products produced. The entire product range is also tested on various parameters of quality. Our motto is "to give high quality range of products." Moreover, we have selected a highly qualified team of quality controllers who work round the clock in order to make sure that the given array of products conforms to the international quality standards. With rich industry experience and knowledge, we have understood the importance of clients. With our ethical business practices and competitive pricing policy, we have gained a huge client base. We also accept payments through easy modes like cheque and DD for clients' convenience and provide them optimum satisfaction.

- **Dr. S. Thirupathi Rao** (Managing Director)

TWO WHEELER

ALTRA TURBO 20W40

Altra Turbo pulse 4T 20W40 is an engine oil formulated with refined bas and highPerformance additives. It is blended with Low Sulphur Base oils to derive maximum Performance. Further it is fortified with additional admixtures to improve om Gear box and wet clutch to result in improved engine performance. Areas such as excessive heating and increased thermal stability for longer period Thus, avoiding oil thickening and sludge formation.

Performance Characteristics:

Excellent protection of engine, clutch and gear

- * Helps reduce engine wear and corrosion
- * Good high temperature properties
- * Effective rust and corrosion control for longer engine life
- * Multigrade motor oil allowing easier starts at low temperature

Pack size: 1L, 50L & 210L

ALTRA BRONZE 20W40

Altra Bronze 4T motorcycle oil is blended with Ultra Low Sulphur Base oils and timeTested additives to derive maximumperformance. Further it is fortified additionalAdmixtures to improve on specific areas such as counteringexcessive engine heatIncreasing thermal stability for longer drain period, thus avoiding oil thickening and Sludge formation.

Performance Characteristics:

- * Confirms to API SM and JASO MA2 specification
- * Increased thermal and oxidation stability
- * Maximum power and fuel economy
- * It is speciality formulated for the lubrication of the engine,

Pack size: 1L,50L&210L

ALTRA SUPERFAST 20W50

Altra Superfast +4T 20W50 is a high performance conventional Four- stroke motorcycle engine oil primarily intended for general use in manyTypes of four-stroke motorcycles and engines. Altra superfast +4T 20W50 combines highly refined, quality minerals oils and anAdvanced additive system to provide good engine cleanliness, good wear Protection and corrosion protection. Key features and benefits include: Gear box and wet clutch to result in improved engine performance.

Pack size: 1L ,50L,210L

ALTRA ROYAL SCOOTER 10W-30

SAE 10W30 API SN /SM/SL/SF GASOLINE ENGINE OIL is an advanced full synthetic engine oil designed to keep engines running like new by providing exceptional cleaning power wear protection and overall performance. SAE 10W30 GASOLINE ENGINE OIL meets the requirements of the latest industry standards required by modern gasoline engines.

Pack size: 900ml, 50L & 210L

FOUR WHEELER

ALTRA MAJESTIC 5W30

ALTRA MAJESTIC is one of the world's most trusted engine oils. The modern world creates difficult challenges for engines. Poor fuel quality, heat and tough driving conditions can all lead to sludge that potentially shortens engine life. Sludge is a sticky deposit that builds up in engine's vital oil ways and it can prevent oil from protecting that engine.

PERFORMANCE CHARACTERISTICS:

- * Fights sludge and keeps your engine 35% cleaner
- * Advance protection against viscosity and thermal breakdown
- * Superior protection and high temperature deposits
- * Premium quality base oils and anti-wear additives that help extend the life of your engine.
- * Weighted average benefit of 81% of GTX global sale volume in seq VG or VH
- * industry sludge, compared to specification claimed on pack
- * Meets API SNCF, ILSAC GF-5 standards

Pack size: 3.5L, 20L, 50L & 210L

ALTRA MAXXEN15W40

ALTRA MAXXEN is heavy duty diesel engine oil that provides essential Protection against the problems your engine faces every day. During its working Life, your engine faces challenges from combustion by products that can from Deposits, and even thicken the oil. ALTRA MAXXEN supports essential Maintenance of your engine by reducing deposits and fighting wear. Help provides Essential protection of your engine with ALTRA MAXXEN, it is suitable for use in Trucks, tractors, agriculture equipment for any other applications where APICF 4 and 15W-40 is required.

PERFORMANCE CHARACTERISTICS:

- * Advance protection against viscosity and thermal breakdown
- * Superior protection and high temperature deposits
- * Premium quality base oils and anti-wear additives
That help extend the life of your engine.

Pack size: 3L, 7.5L, 10L, 20L, 50L & 210L

ALTRA 100E AW-68/46/32

Non turbo circulating systems & stationary and mobile hydraulic systems operating & moderating pressures. Also suitable for many other industrial applications such as machine tool hydraulic applications in CNC machines & lubricants of spindles, blowers, compressor, electric motors and general lubrication where inhibited oils are required.

User benefits:

- * Long and extended service life.
- * Good wear protection of pumps and hydraulic system components.
- * Ready water separation ensures less foaming and non-rusting of system components.
- * Minimum foaming prevents pump starvation and leakages.
- * Smooth operation and effective rust protections.

Pack size: 1lts, 5lts, 10lts, 20lts, 26lts, 50lts, 210lts.

GEAR OIL

ALTRA 100E EP-90-EP140, EP-220, EP-320, EP-460

ALTRA API GL4 EP-90 multi grade gear oil specially developed for new generation vehicles for use in heavy duty gear boxes of buses, trucks, LCVs, and tractors of car etc.

BENEFITS:

- * Specially developed for new generation vehicles
- * Offers excellent rust, wear corrosion protection
- * Permits operation a cross broad temperature range

**Pack size : 500ml, 1lts, 5lts,
10lts,20lts, 50lts, 210lts.**

INDUSTRIAL OIL

GEAR OIL - 150

GEAR OIL - 220
